Dear Grand Design RV Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Grand Design RV has decided that a defect which relates to motor vehicle safety exists in certain 2022 Solitude, Momentum, Reflection, Imagine and Transcend recreational vehicles.

! IMPORTANT !

- Your vehicle falls within the recall population.
- You should immediately schedule an appointment with your dealer to have your vehicle repaired.

Why is a recall being conducted?

On select **2022 Imagine, Reflection, Momentum, Solitude and Transcend vehicles manufactured between July 6, 2021, and April 21, 2022**, the quick disconnect fittings in the LP gas system may be cracked, causing a gas leak. A gas leak in the presence of an ignition source can increase the risk of a fire.

On affected vehicles, dealers will inspect all LP quick disconnects for cracks and conduct a solution spray test to determine if a gas leak is present. Any cracked and/or leaking quick disconnects will be replaced. Grand Design dealers have been notified of this recall and have the required repair instructions available. Repair time is estimated to take no more than 1 hour. There will be no charge for this service through your Grand Design dealership.
